

WELCOME TO SEVILLE!!

This packet of information is intended to make your stay as comfortable as possible.

KEYS

I only leave one set of keys for the apartment because the CODES I sent you for the street door and for the safe will be the same for entire your stay, so you don't have to take the keys with you. You can leave them inside the safe when you are out of the apartment if you want.

The area is very safe but I always recommend my guests lock the door when you are not in the apartment.

CHECK IN AND CHECK OUT

Official Check in time is 1:30 PM.

Check Out time is 11:00 AM. Still sleepy? No problem. You may be able to stay until 4pm for only 30 Euros extra if previously authorized. Check with me the day before your departure to see if this is a possibility.

Leave the keys in the safe before leave the apartment your last day.

CONTACT

If you need to speak with me about anything, my telephone number is **+34 695900600**. If I am unable to answer, you can send me a Whatsapp message or SMS, or an email at sevillaorange@gmail.com

FOR TOMORROW

We try to minimize our environmental impact. The cleanest energy is that not wasted. Please use electricity responsibly. For a correct use of the heat and air conditioning, use only when you are in the apartment. **It is very important**, for safety reasons, to turn off appliances while not home. (less the light next to the TV. It is fine if you leave it on when you aren't in the apartment)

The apartment has a **Electric System like hotels** to cut the electricity when you are out of the apartment. You have to put the **small black key** in a switch behind the apartment door next to the Fuse Box.

The heat and air conditioning units are set to the ideal temperatura. If you need to regulate the temperature, please use only the arrows and do not touch any of the settings.

FOOD AND DRINK

I sent you an email with a google maps link with some of my favorite spots for tapas, drinks and shopping.

Tap water is safe to drink.

DO YOU SMOKE?

No problem, but not inside. It is prohibited in this non-smoking apartment. It takes a long time to get the smell out and this affects incoming guests. We count on your understanding and hope we do not have to charge the 150 Euro fine in case you do decide to smoke inside the apartment.

HOT WATER.

The hot water system is an automatic electric deposit (after the third shower you have to wait around 10 minutes).

NEIGHBORS

In order to respect the neighbors, I request **silence after 11:00PM**

APPLIANCES

TOASTER, IRON and COFFE MAKER

The toaster, iron and coffe maker (Italian style) are located in the kitchen.

WASHING MACHINE

The washing machine is located in the kitchen. The wash cycle takes **over 60 minutes**. The soap is placed in the drawer in the middle section. 2 is for a prewash, 3 is for washing whites, and 4 is for washing darks. There is a **retard security lock** on the door, so when the spin cycle finishes, **you must wait a few minutes** before you are able to open the door.

CLOTHES DRYER

It is located in the kitchen, in a closet next to the microwave. There is a water tank on the top left, above the door, which must be emptied in the sink after using the dryer. When the tank is full the dryer does not work.

GARBAGE

Before leaving the apartment, please throw your garbage in the appropriate bins on the Streets. On the corner of calle Adriano and calle Antonia Diaz.

AND MOST IMPORTANT OF ALL...

Wi-fi. To enjoy your free wifi, the information is
