

WELCOME TO SEVILLE!!

This packet of information is intended to make your stay as comfortable as possible.

CHECK IN AND CHECK OUT

Official check in time is 1:30 pm.

Check out time is 11am. Still sleepy? No problem. You may be able to stay until 4pm for only 30Euros extra if previously authorized. Check with me the day before your departure to see if this is a possibility.

CONTACT

If you need to speak with me about anything, my telephone number is **+34 695900600**. If I am unable to answer, you can send me a Whatsapp message or SMS, or an email at sevillorange@gmail.com

FOR TOMORROW

We try to minimize our environmental impact. The cleanest energy is that not wasted. Please use electricity responsibly. For a correct use of the heat and air conditioning, use only when you are in the apartment. **It is very important**, for safety reasons, to turn off appliances while not home. (less the light next to the TV. It is fine if you leave it on when you aren't in the apartment)

The apartment has a **Electric System like hotels** to cut the electricity when you are out of the apartment. You have to put the **small black key** in a switch behind the apartment door next to the Fuse Box.

The heat and air conditioning units are set to the ideal temperatura. If you need to regulate the temperature, please use only the arrows and do not touch any of the settings.

ELECTRIC BOX

If the power ever goes out the electric box is behind the mirror on the ground floor (next to the street door).

FOOD AND DRINK

I sent you an email with a google maps link with some of my favorite spots for tapas, drinks and shopping.

<https://drive.google.com/open?id=1D1vvtIPfhhM8F9epg5ryWONObol&usp=sharing>

Tap water is safe to drink.

DO YOU SMOKE?

No problem, but not inside. It is prohibited in this non-smoking apartment. It takes a long time to get the smell out and this affects incoming guests. We count on your understanding and hope we do not have to charge the 150 Euro fine in case you do decide to smoke inside the apartment.

HOT WATER.

The hot water system is automatic. There is no hot water in the kitchen.

AND MOST IMPORTANT OF ALL...

Wi-fi. To enjoy your free wifi, you can check the sticker under the router located in the small bedroom.

APPLIANCES

TOASTER and COFFE MAKER

The toaster and coffe maker (Italian style) are located in the kitchen.

WASHING MACHINE

The washing machine is located in the kitchen. The wash cycle takes over 60 minutes. The soap is placed in the drawer in the middle section. 2 is for a prewash, 3 is for washing whites, and 4 is for washing darks. There is a retard security lock on the door, so when the spin cycle finishes, you must wait a few minutes before you are able to open the door.

GARBAGE

Before leaving the apartment, please throw your garbage in the grey containers on the street in front of the apartment.

TERRACE PLANTS

If you are in the apartment for over 3 nights and you don't mind, please water the plants since noone is going to interrupt your stay to come in to do it (in summer-time they need water every 2 days). Thank you very much.

GARAGE

If you rented the garage I sent you by email the instructions to the garage. I leave the key for the garage on the table next to the street door.

JACUZZI

The cleaning system for the Jacuzzi is automatic. The only thing you have to do is Turn ON/OFF (Number 9). (Turn OFF the Jacuzzi after use it please) Sometime there is Lock

- 1 configurar temperatura
- 2 subir volumen
- 3 buscar frecuencia radio---ajustar minutos
- 4 bajar volumen
- 5 buscar frecuencia radio---ajustar horas
